1. What do I need to do to enter Blackboard for the first time?
If you are a CUNY student, faculty or staff member, a Blackboard/CUNYFirst account has been reserved for you. Before using it, you must first set the account up, specifying your account preferences.

To set up your Blackboard /CUNYFirst account follow the steps below.

1- In your web browser, navigate to https://bbhosted.cuny.edu

2- Click New User hyperlink at the bottom of the page.

3- Enter your first and last name, your date of birth and the last 4-digit of the Social Security number. Type the words you see in the box, separated by a space. Click on the OK button.

4- On the following screen select a question from each of the drop down menus, provide the answers and click OK.

5- Choose a password and enter it twice. It will provide your CUNYFirst login information.
2. How do I access Blackboard?

Blackboard is a CUNY-wide system, which is accessible using your CUNYFirst username and password. These credentials may be different from your campuses’ username and password. There are different ways you can use to access Blackboard.

To log in to Blackboard /CUNYFirst follow the steps below.

1- In your web browser, navigate to https://bbhosted.cuny.edu

2- Enter your CUNYFirst username in front of @login.cuny.edu and then your password. Click on the Log in button.

Note: Blackboard page will open with the Home tab active. Courses in which you are enrolled are displayed in the My Courses module.
3. Why doesn't my class show on my Blackboard Home page?

Every semester, courses in Blackboard are automatically created by extracting the information from the Registrar’s database. For an instructor to have access to these courses on Blackboard, they must be made “Instructor of Record” for that course in CUNYFirst. If you are assigned by your department to teach a course and it does not show on My Courses module on your Blackboard Home page, please contact your department, or the Scheduling Office, or both, to verify that you are listed as "Instructor of Record" for that course in CUNYFirst.

Brooklyn College Human Resources Services must first enter/update your personal information into the CUNY database (CUNYFirst). Once this is done, Blackboard will automatically receive the data and you will be able to see and interact with the Blackboard course within 24 to 48 hours.

**IMPORTANT:** Non CUPS status will give you access to the Brooklyn College Portal (WebCentral) and Brooklyn College email, but it won’t allow you to access CUNY Portal / Blackboard. To ask about your CUNYFirst status, please contact the Department or call Human Resource Services at (718) 951-5161.

- Blackboard course sites are automatically created for every course prior to the beginning of the semester. Instructors who do not see their Blackboard courses should contact the department and ask to add them as the instructor of record in CUNYFirst.

- New faculties will need to verify if their information is in the CUNY database (CUNYFirst) by contacting the department. Once Human Resources enter their information in the system, they should wait for access within 24 to 48 hours after they have been listed CUNYFirst.
